Brand new studios and state-of-the-art social spaces!

After a period of extensive refurbishment, we are pleased to offer a range of brand new studios at Sherbourne Student Village, Coventry. We have also introduced state-of-the-art facilities including a brand new gym and a media room as well as social, co-working and study rooms to ensure you get the full student experience and more.

All rooms contain their own kitchenette, giving you your own space, however you can still benefit from all the on-site social facilities. Plus, our AXO Life programme will ensure you are still meeting your neighbours and making friends.
