## Insurance

AXO Student Living is working in partnership with Endsleigh, the No. 1 student insurance provider, to provide cover for the contents inside your room. You don't need to do anything to activate this cover, but it is important for you to check and ensure that you fully understand the protection provided and whether it is sufficient for your needs.

Visit the [Endsleigh website](#) to:

- Check your level of cover
- Review key exclusions and limitations
- Check your policy excess
- Learn how to make a claim
- Extend and personalise your cover to protect laptops, phones and other valuables

## Maintenance

Your room will have been checked before you move in, but should any issues crop up during your stay, please let us know! You can report any maintenance issues via our [portal](#). You're welcome to be present when the work is done - just let us know.

All maintenance work is carried out in order of priority. Therefore, more urgent faults are carried out first even if they have been reported later, for example a water leak would take priority over a lightbulb needing to be changed.

## Post and Parcels

Post and parcels are delivered to reception and not directly to rooms.

Any post received is sorted by a member of staff and posted into individuals postboxes in reception. Parcel deliveries are recorded in a log book and we'll send you an email to inform you of your parcel delivery.

## Safety & Security

Your safety is of paramount importance to us and we have policies in place to make sure you are well looked after. Please take a moment to familiarise yourself with these.

### Fire Safety

#### What can trigger a fire alarm to go off?

There are numerous reasons the fire alarm will sound, however, in most cases it is usually due to cooking. The fire alarms are smoke sensitive, they are not heat detectors.

The most common triggers of fire alarms are:

- Cooking (75%)
- Smoking (20%)
- Candles & steam from the shower (5%)
- Very rarely - fire itself

#### What can you do to help minimise the fire alarms being triggered?

Sick of going outside in your pyjamas?!

Make sure to follow these tips:

- Always use the extractor fan above the cooker when cooking. This helps to extract any smoke produced
- If whilst cooking, you find it becomes smokey, open the window to let it escape

#### What to do in the event the fire alarm sounds

If the fire alarms sounds for more than 5 seconds, you should follow the fire drill process and evacuate the building immediately, making your way to the fire assembly point - Manor Gardens, situated at the right-hand corner of the main entrance.

The fire action notice can be found on the back of the entrance door and your kitchen door, please familiarise yourself with this on arrival.

Never become complacent with the sound of a fire alarm. Always treat every occasion as a real situation and evacuate the building.

## Prohibited Items

In part of keeping everyone safe there are some items that are not allowed to be used inside of en-suite rooms, here are some examples of these. If you would like to query an item with us, you can contact us to do this.

Appliances such as kettles, toasters, hot plates, rice cookers and fridges are not allowed inside ensuite rooms.

Items such as portable washing machines, international plug adapters and extenders are completely banned across all of our properties.

As part of the fire safety check in documents that you sign, if we find these items present we will confiscate them and return them at the end of your tenancy.

Smoking of illegal substances is taken very seriously and if found to be breaching the law, AXO will take legal steps to have the resident removed from the premises.

Smoking of e-cigarettes and the use of candles are also prohibited in all rooms and communal areas.

## Safety & Security Tips

### Tips for city living:

- Be aware of your surroundings

- Don't carry large amounts of money on you
- Don't let anybody use your phone
- Try to avoid secluded areas

## Making a Complaint

At AXO Student Living, we are committed to monitoring and evaluating our services to enhance quality and ensure that we meet the standards expected by our customers. Regular student feedback is also gathered through a variety of questionnaires and surveys that help us to use our resources in the best way possible to meet student needs. We recognise that there may be occasions when these feedback mechanisms are not sufficient to deal with problems that may occur from time to time. For this reason, we have a formal complaints procedure to ensure that complaints and comments are dealt with in an efficient and professional manner.

Upon Receiving a Complaint AXO Student Living will:

- Handle the complaint in a quick, polite and straightforward way
- Investigate the complaint thoroughly and impartially
- Endeavour to keep the complainant informed at all stages of the process
- Ensure that students, in particular, are not disadvantaged in any way by reason of raising the complaint

### Stage 1 (Informal)

In the first instance all complaints must be raised informally and directly at the point at which the problem arose. Many apparent concerns arise from misunderstandings that can quickly be resolved by talking through the matter. In the first instance complaints should be raised directly with a member of staff on the site where you are living. This can be done by discussing the matter with a member of staff within the accommodation. Informal complaints can be received verbally or in writing. If the complaint relates to a member of staff then the complaint will be heard by the Area Manager or the General Manager. All complaints will be heard within a 14-day period and the complainant notified of the outcome in writing.

### Stage 2 (Formal)

If, having attempted to resolve the complaint informally, the complainant considers that the matter has not been satisfactorily resolved, they should put their complaint in writing. For full details of the complaints procedure, please visit <https://axostudent.co.uk/complaints-procedure/>
